5. [ ] At his request I met with Representative John O. Marsh (D., Va.) whose reason for wanting to see me concerned Mr. George Helcolmb, who is associated with Business News Association. Mr. Helcolmb is a research writer for BNA. He is also working with a group of young Cuban refugees who are interested in alerting other Latin American countries to the communist threat. Helcolmb has been in touch with Representative Marsh and indicated a desire to talk to some of our people regarding his plan. I told Mr. Marsh I would discuss this with our people and be in touch with him in the near future. Mr. Marsh again indicated an interest in visiting the Agency and said he would be particularly interested in meeting General Carter if he is available. I told the Congressman that we would like to have him out at a mutually convenient time and would discuss this with him further. (See Memorandum for the Record for details.)

6. [ ] Representative Silvio O. Conte telephoned to ask that an appointment be arranged for a constituent of his from [ ] to see someone regarding a position with the Agency. An appointment was set up for the constituent, [ ] to see [ ] in Personnel at 11:30 today. Mr. Conte was so notified and he thanked us.

7. [ ] Talked with William Darden and Robert Michaels about the CIA budget situation. See Memorandum for the Record.

8. [ ] Talked with William Saltonstall reminding him of the Senator's request for an Agency briefing on South Vietnam. The Senator had agreed that if Senator Russell were to call a meeting of the Subcommittee he would not want a personal briefing. I advised that Darden had informed me today that Senator Russell would not be able to call a meeting this week; therefore, we stood ready to brief the Senator at his convenience. William Saltonstall suggested that he might recommend to the Senator that he come out to the building for a visit and receive his briefing if this were agreeable to the Agency. I said we would welcome a visit from the Senator. William Saltonstall said he would advise me when it was convenient for the Senator.
